Education

Chandigarh University

Bachelor of Engineering in Computer Science

Sep. 2020 – May 2024

Mohali, Punjab

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Artificial Intelligence
- User Research
- Software Methodology
- Database Management
- Internet Technology
- User experience

Experience

HenceForth Company

March 2024 – May 2024

UI/UX Intern

Mohali, Punjab

- Collaborated with the design team to create wireframes, prototypes, and high-fidelity mockups for web and mobile interfaces using Figma and Adobe XD.
- Designed a hotel booking website from scratch, focusing on user-centered design principles to create an intuitive and responsive interface that streamlined the booking process for users.
- Collaborated with senior designers to design a CRM platform, contributing to user interface layouts, improving user workflows, and ensuring a cohesive design system.

Chandigarh University

May 2022 – August 2022

Graphic Designing Lead – C Square Club

Mohali, Punjab

- Led the graphic design efforts for the C Square Club, guiding a team in creating engaging visual content for university events and initiatives.
- Designed posters for the entire Computer Science Engineering department, allowing me to unleash my creativity and deliver visually appealing and impactful designs.
- Collaborated closely with team members to conceptualize and develop branding materials, ensuring consistency across all designs.

Projects

Hotel Booking Website User Flow | *Figma*

March 2024

- Designed a comprehensive Hotel Booking website using Figma, incorporating all required features with a strong focus on the user flow to ensure a smooth booking experience.
- Ensured that the design was user-centric, keeping the interface intuitive and streamlined to improve user satisfaction and reduce booking abandonment.
- Collaborated with developers to translate the designs into a functional web application while ensuring consistency in design implementation.

Interior Design website design | *Figma*

February 2024

- Designed an interactive Interior Design website using Figma, focusing on user experience and visually appealing layouts that allow users to explore and visualize interior design ideas.
- Created detailed wireframes and high-fidelity prototypes to showcase various design options, ensuring an intuitive and seamless interface.

E-Commerce Website Design | *Adobe XD*

October 2023

- Designed an engaging Ecommerce website with a focus on user experience and conversion optimization, utilizing Adobe XD to create an interactive prototype.
- Integrated animations to provide visual feedback and improve user interaction, ensuring a smooth and engaging shopping experience.

Technical Skills

Languages: Java, HTML/CSS, JavaScript, SQL

Developer Tools: AdobeXD, Figma VS Code, Eclipse, Google Cloud Platform,

Technologies/Frameworks: Github, Framer

Certification

UI/UX Training

July 2022

Grade: A

Internshala

- Completed a comprehensive UI/UX design training program through Internshala, gaining hands-on experience in user-centered design methodologies and tools.
